- A married individual born before 6 April 1935 may be entitled to a married couple's allowance. This is not deducted from income but reduces the tax bill.
- Marriage Allowance - 10% of the personal allowance may be transferable between spouses where neither pays tax above the basic rate. This Marriage Allowance is not available to couples entitled to the married couple's allowance.
- Reference to spouses includes registered civil partners.

- Personal allowances may be allocated against whichever types of income results in the lowest overall tax liability.
- There are three main bands – basic rate (BR), higher rate (HR) and additional rate (AR).
- There is also a starting rate band (SRB) of £5,000 which is only applicable to savings income. The band is not available if the taxable amount of non-savings income exceeds the SRB.
